# PDI BIKE INSPECTION AND WARRANTY FORM

## ASSEMBLY CHECKS - IN ACCORDANCE WITH BIKE'S USER MANUAL

- Check [www.osetbikes.com/support](http://www.osetbikes.com/support) for the latest, relevant technical bulletins
- Check contents of bike box: manuals, charger, tools, keys, plastic
- Remove packaging and inspect bike for imperfections
- Check warning and CE labels are attached
- Fit handlebars to bike and tighten bolts
- Fit wheels (where applicable) and tighten correctly
- Check tyre's are correctly inflated to 20psi
- Check and adjust chain tension
- Both brakes are adjusted and functioning correctly
- Fit battery (where applicable) and connect wiring harness
- Check wires and cables are routed correctly
- Fit any bodywork (where applicable)
- Check and tighten all nuts/bolts in accordance with user manual guidelines

## PRE-RIDE CHECKS - IN ACCORDANCE WITH BIKE'S USER MANUAL

- Foot pegs return freely and bolts are tightened
- Throttle operation is smooth and returns to zero position freely
- Steering rotates smoothly, without knocking or snagging wires / hoses
- Suspension functions correctly
- Magnetic kill switch functions correctly

## TEST RIDE CHECKS

- Check both front and rear brakes operate and are adjusted correctly
- Individually check each potentiometer functions correctly

## FINAL PRE-DELIVERY CHECKS

- Check charger functions correctly
- Setting the speed, response & power dials to their lowest setting
- Bike is clean and presentable
