

# THE WORLD LEADER IN ELECTRIC MOTORCYCLES FOR CHILDREN

From dirt bikes to trials, motocross to enduro – OSET Electric Bikes are known the world over as the best bike for children and adults to enhance their bike skills and build confidence for a fun and successful future on two wheels.

With a range of models available for ages 3- 12, teenagers and adults.

As OSET Bikes are electric and virtually silent they can be used in many places petrol bikes cannot - providing safe, convenient and most important of all, experiences that will last a lifetime.

!! Don't waste money on your cheap bikes these are the real deal... OSET have created a product that is without doubt the best way for any kid to develop skills that will last a lifetime!

# THE OSET RANGE

All our bikes have been meticulously designed and built with the rider in mind, to deliver the best possible experience. Whether this is your little riders first ever bike, you are looking to take part competitively or for all the big kids out there who just ride for the thrill of it.

We have an extensive network of official OSET dealers in the UK and distributors around the world who supply our bikes to the next generation of riders in over 28 countries. For more information and to find your local OSET dealer or distributor visit [www.osetbikes.com](http://www.osetbikes.com)
